Your brand, on packaging that works.

unipak™

Custom-printed and custom-made foodservice packaging, managed by one New Zealand team from first idea to delivery.

Three ways to go custom

01. Custom Print
Your logo printed on our proven stock products. The quickest way to brand your packaging.

02. Custom Size
Our current or factory products, adapted to the size, shape or specification you need.

03. Custom Design
A new product designed around your food and brand. Suited to high-volume programmes.

How it works

1. Brief
Tell us the product, your logo and quantities.

2. Options & quote
Pricing, minimums and timing, all upfront.

3. Artwork & proof
We prepare the artwork and send a proof to approve.

4. Production
Made by our audited partners once you sign off.

5. Delivery
Delivered to your sites across New Zealand.

6. Reorder
Your approved design is saved, so repeats are easy.
