Welcome to Unipak™

Proudly 100% New Zealand-owned and operated, Unipak™ has supported New Zealand businesses with food packaging and personal protection solutions since 2004.

As a family-run business with directors active in day-to-day operations, we combine local decision-making, industry knowledge and long-term commitment.

From our 9,000 m² Whanganui site, including a 5,849 m² purpose-built warehouse, we support customers across New Zealand with stocked supply, responsive service, and access to a large manufacturing network.

Across our leading product brands, Bastion, Green Choice™ and Emperor™, our focus is simple: fit-for-purpose products, clear guidance and supply partnerships that help customers operate with confidence.

More than a supplier, Unipak is a proactive, first-class partner committed to helping its customers adapt, grow, and succeed in a rapidly evolving market.

Kiwi at heart. Built to Support New Zealand Business.

unipak

Family Owned.
New Zealand operated.
Supply focused.

Unipak™ is 100% New Zealand-owned and operated, with local people, local decisions and a long-term commitment to the businesses we support. From our Whanganui head office and distribution centre, we supply practical packaging, protection and hygiene solutions to customers across New Zealand.

Being family owned means we stay close to our customers, our team, and the markets we serve. We invest locally in people, facilities, and service capability so our customers can rely on us when it matters.

What that means for our customers

- Local decision-making
- Responsive support
- Well-stocked NZ distribution
- Nationwide supply
- Practical product guidance
- Long-term reliability

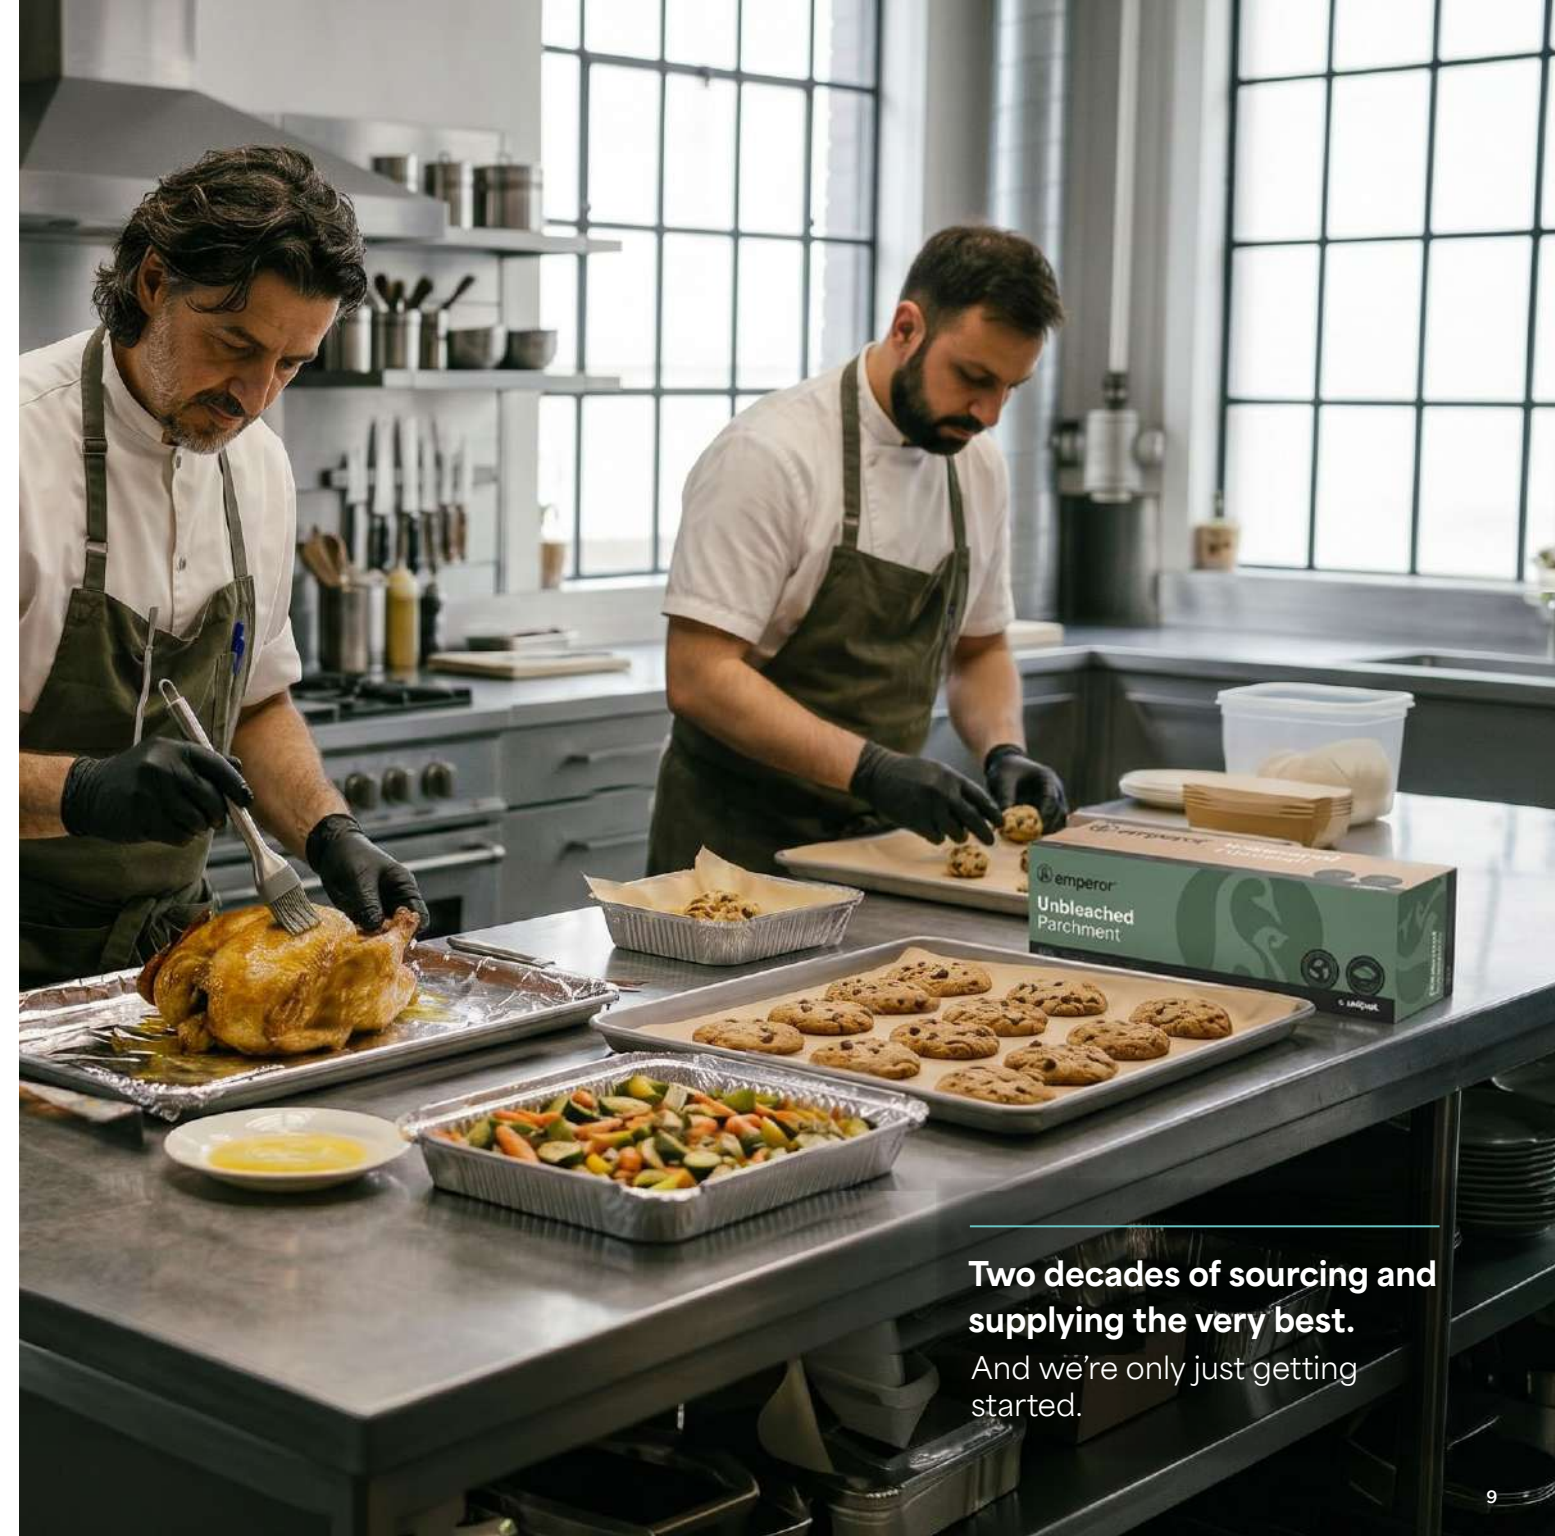

A Complete Range Across Food Packaging and Safety

Unipak™ brings together food packaging, personal protection, and hygiene across three trusted product brands. Green Choice™ supports takeaway operations with compostable and recyclable options. Emperor™ supports commercial kitchens with durable food preparation and packaging products. Bastion supports workplace hygiene and personal protection across demanding environments.

Together, our product brands give customers a clearer way to source fit-for-purpose products across sites, teams, and service needs.

Customer testimonial: Interlab

“Over 20 years, our trust in Unipak has only grown. It’s a partnership built on reliability, quality, and shared success.”

**Two decades of sourcing and
supplying the very best.**

And we're only just getting
started.

Takeaway packaging with compostable and recyclable options

Green Choice™ delivers food-safe takeaway packaging made for busy cafés, restaurants, QSRs, and eateries. The range includes compostable and recyclable options selected for practical performance, material clarity, and correct-disposal guidance.

Designed for real-world foodservice use, Green Choice™ helps customers make informed packaging choices without compromising on day-to-day function.

Protection that **works** where it matters.

End-to-end service for long- term supply relationships

From product selection to ongoing account support, Unipak™ helps simplify procurement, strengthen brand consistency and keep operations moving across teams and locations.

Full-service support is available for approved trade and key account relationships. Terms apply.

More than a supplier.
A partner for **reliable
supply** and **long-term
growth**.

1. Discover & Define

Clarity from the start

We start by understanding your operation, what's important to your business, and the problems you're trying to solve. This helps us define the right solution and create a clear path forward.

Our team helps you select products that are fit for purpose from day one.

- Use-case assessment
- Expert product guidance
- Compliance-aware product selection
- Product evaluation before rollout
- Clear recommendations and itimised pricing

Expert guidance,
right from the start.

Customer testimonial: Mercer Mushrooms

“Unipak’s high-quality products and exceptional service align perfectly with our strategy.”

2. Design & Brand Experience

From concept to production-ready packaging

We help bring your brand to life through packaging that looks great, works in production, and delivers a consistent customer experience. From initial concepts to final artwork approval, our team supports every stage of the design process.

- Included artwork and proofing support from concept through to production-ready files
- Dieline setup, artwork checks, and print-ready file preparation
- Brand application including logos, colours, typography, and messaging
- 3D renders and visual mockups to review design, fit, and finish before production
- Print and material guidance to support quality and consistency
- Final proofing checks to help minimise production errors

Packaging that
**speaks for your
business.**

Photo: Custom branded packaging across cups, bags and food packaging, supported from concept through supply.

Customer testimonial: Horticulture

We value the care Unipak takes in selecting manufacturers that meet recognised international standards and certifications. Their ongoing monitoring gives us confidence in the consistency and quality of the products we receive.”

3. Source & Optimise

Smart sourcing. Better outcomes

We select products and manufacturing partners with long-term supply in mind. Our team balances product suitability, quality expectations, cost and supply continuity, helping customers make procurement decisions that can scale.

- Extensive manufacturing network
- Strategic product selection
- Quality and supply considerations
- Scalable supply planning

4. Order & Experience

Simple. Streamlined. Reliable

Ordering should be clear, fast, and supported by a real person. We combine online ordering, clear product selection, showroom access by appointment, and responsive support so customers can move quickly and confidently.

- Easy online ordering
- Clear product selection
- Product evaluation where required
- Prompt email responses
- Responsive phone support

**Easy to order.
Easy to work with.**

A seamless experience every time.

Customer testimonial: KAANS Group

“We have other suppliers, but Unipak™ stands out in terms of reliability, service, and support. They’re true partners we can rely on. There’s not one issue to mention—they’re our favourite supplier!”

5. Deliver & Perform

Reliable delivery. Proven performance.

Our Whanganui distribution centre is set up for consistent fulfilment at scale. With a well-stocked warehouse, nationwide distribution, and same-day dispatch for orders placed before 3:30pm, we help customers keep supply moving across locations.

- 5,849 m2 purpose-built warehouse within our 9,000 m² Whanganui site
- All-weather breezeway support a large number of trucks at any one time
- Same-day dispatch for orders placed before 3:30pm
- Nationwide distribution
- Free shipping on 10+ cartons, terms apply
- Reliable supply support

Nationwide.

There when you need us. With offices, showrooms, and a well-stocked warehouse, we deliver—fast.

Customer testimonial: YesMed

“Innovation is a big driver for us. We know we can rely on Unipak to bring new developments to the table. We’re currently discussing how we can grow our range together to support our customers and future growth.”

Kiwi at heart.

Family values at our core.
Proudly New Zealand-owned
and operated.

6. Support & Grow

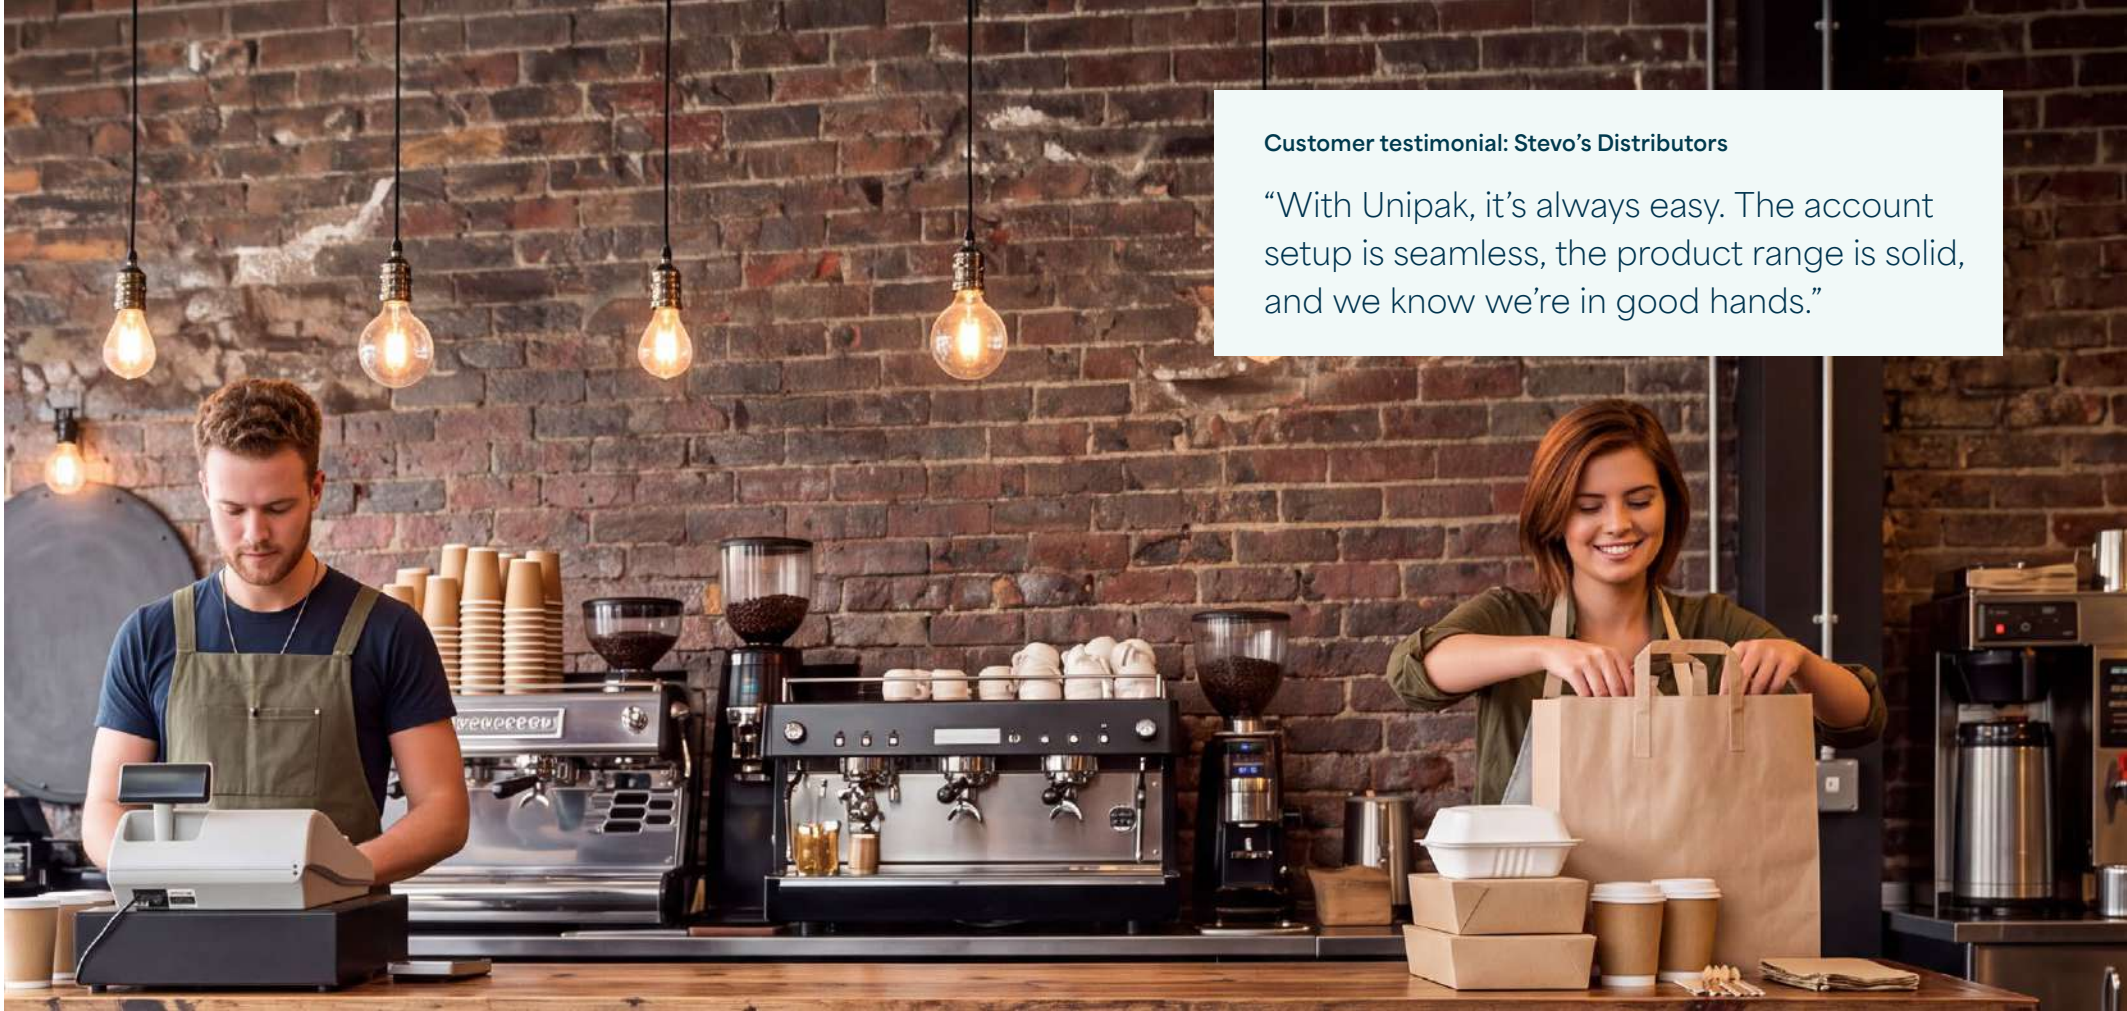

Proactive. Responsive. Growth-focused.

After the first order, our team stays close. Dedicated account support, responsive communication, and practical account insights help identify supply improvements, range opportunities, and smarter ways to support your growth.

- Dedicated account managers
- Responsive support when you need it
- Regular account reviews and optimisation
- Account analytics and ordering insights
- Ongoing supply and product support
- Range development discussions

We are brilliant at what we do, they said. And we keep proving it.

Customer testimonial: Stevo's Distributors

“With Unipak, it’s always easy. The account setup is seamless, the product range is solid, and we know we’re in good hands.”

Giving Back

Unipak™ supports New Zealand communities through practical product donations and partnerships. This includes support for organisations such as Rapid Relief Team, and OneSchool Global.

Over the years, Unipak™ has supported community needs through product donations, including gloves and protective products for SPCA New Zealand, gloves for Cyclone Gabrielle clean-up support and food packaging for NZ Food Network.

Environmental Responsibility

We’re committed to practical, evidence-based environmental improvement across the products we supply and the way we operate. That means considering materials, sourcing, resource use and end-of-life outcomes, while keeping product performance, food safety, and commercial practicality front of mind.

Materials & Mindful Disposal

Better environmental outcomes start with better information. There is no single packaging material that is the right environmental choice for every application. We consider performance, food safety, material use, credible certifications and available disposal pathways, and provide clear information to help customers make informed choices.

Choose well. Use well. Dispose well. Environmental outcomes depend on more than the material a product is made from. Product suitability, responsible use and the disposal infrastructure available locally all matter.

Clear information, not blanket claims. We aim to give customers accurate information about product materials, relevant certifications and disposal options, including limitations where they apply.

A Message from Our Directors

For more than 20 years, Unipak™ has focused on supporting New Zealand businesses with food packaging and personal protection products they can rely on.

What started as a small operation has grown into a nationwide supply partner, now supporting more than 1,500 customers. That growth has always been grounded in strong relationships, consistency and a commitment to doing what we say we will.

We have invested in a 9,000+ m2 Whanganui site, including our 5,849 m2 purpose-built warehouse and HQ, to strengthen our supply capability and support customers through changing market conditions.

For us, long-term partnership means more than product supply. It means practical guidance, reliable fulfilment and the willingness to solve problems alongside our customers.

Talk to our team about product supply, custom branding, or account support today.
